Public School Building Changed

**More Light and More Seats
Are the Result of Recent Changes**

During the past few weeks, the Wrangell School Board has had several appropriate changes made in the arrangement of the Public School building. A partition has been removed making room for eighteen additional desks. The lighting of both main rooms has been greatly improved by the addition of four windows, (two to each room,) on the east side.

These important changes, together with minor improvements, will make the facilities of the Wrangell school system vastly better, at the opening of the coming year, than they have ever before been.

STORAGE BATTERIES, guaranteed not to sulphate. Cheaper than dry cells. Come in and see us about 'em. Wrangell Light and Power Company, at Power House.

Regulations

Protection of Fur-Bearing Animals in Alaska

The closed season for different fur bearing animals:

1. Sea Otter.—Closed until November 1, 1920.

2. Beaver.—Closed until November 1, 1915.

3. Land otter and mink.—April 1 to November 15.

4. Marten, fisher, sable, ermine and weasel.—April 1 to November 15.

5. Muskrat.—May 16 to November 30.

Black Bear.—June 1 to August 31.

7. Fox, lynx and wildcat.—March 1 to November 15.

8. Wolf, wolverine, spermophile, and rabbit.—Not prohibited.

9. The killing of any fur-bearing animals by means of strychnine or any other poison is prohibited at all times.

These regulations supersede all others previously in force.

Approved.

CHARLIE NAGEL,
Secretary.

CANNERY GOES DOWN

**ENGINEER ON CANNERY LAUNCH
BRINGS NEWS OF LAKE
BAY DISASTER**

Engineer Burke, of Lake Bay Cannery Launch, Ivy, coming in yesterday afternoon, brought in the news of a serious collapse of piling beneath parts of the Cannery at 2:30 yesterday morning. One dock with three thousand cases of salmon went down. A warehouse containing their boxes, the machine shop and part of boiler room also goes down causing great loss and damage.

Owing to the time of the collapse, no lives were lost.

Federation Appoints Auxiliary Delegates

Local Representative Announced By General Federation

While the "Queen" lay at anchor on her last excursion, Mary E. Hart, presented the following credentials of her office and made the official communication to the Wrangell Women's Auxiliary.

San Francisco,
July, 11, 1911.

To the Alaska Auxiliary and other Women's organizations of the District of Alaska, Fraternal greetings:—

This is to certify that the bearer, Mrs. Mary E. Hart, is our duly appointed delegate, for the purpose of inviting the Alaska Women's Auxiliaries and other Women's organizations of Alaska, to attend the Biennial Convention of the General Federation of Women's Clubs, to be held in San Francisco, California from June 25th to July 5th, 1912; and if possible to bring with representative displays of native and other handicraft.

(Signed,) (Mrs. E. G.) Anna B. Denniston,

Pres. Local Biennial Board,
(Mrs. A. P.) Fannie Lyne Black,
Vice, Pres. Local Biennial Board,

Wrangell, Alaska,
August 18, 1911.

This is to certify that I hereby appoint as delegates to the Biennial Convention of the General Federation of Women's Clubs, to be held in San Francisco, California, from June 25th to July 5th, inclusive, 1912, Mrs. J. H. Wheeler, Sec. Wrangell Women's Auxiliary, Mrs. P. C. McCormack and Mrs. W. G. Thomas, Vice-Presidents Wrangell Women's Auxiliary, with full authority in them vested to appoint delegates from other Wrangell Women's Organizations.

(Signed) Mary E. Hart,
Delegate at Large for Alaska.

Warden Appointed

**F. H. Gray Receives Appointment
Fish Warden for This
District**

F. H. Gray received notice last week of his appointment as Fish Warden for the Wrangell District. Mr. Gray immediately qualified for the office and will enter upon his duties at once.

The duties of the office will include the observation of animals and birds, their habits, ranges, periods of migration, etc. The appointment of Mr. Gray to this work is a master work for his great experience in the study of animals and birds, and especially of those of Alaska, make him exceedingly well qualified for the position.

The appointment of Deputies to help the work of the Fish Commissioner is a step in the right direction for this territory is too large for any small force to cover.

Delightful after Shaving Supreme Shaving Lotion as fragrant as the Violets—Shurick Drug Co.

St. Philip's Pastor Taking Vacation

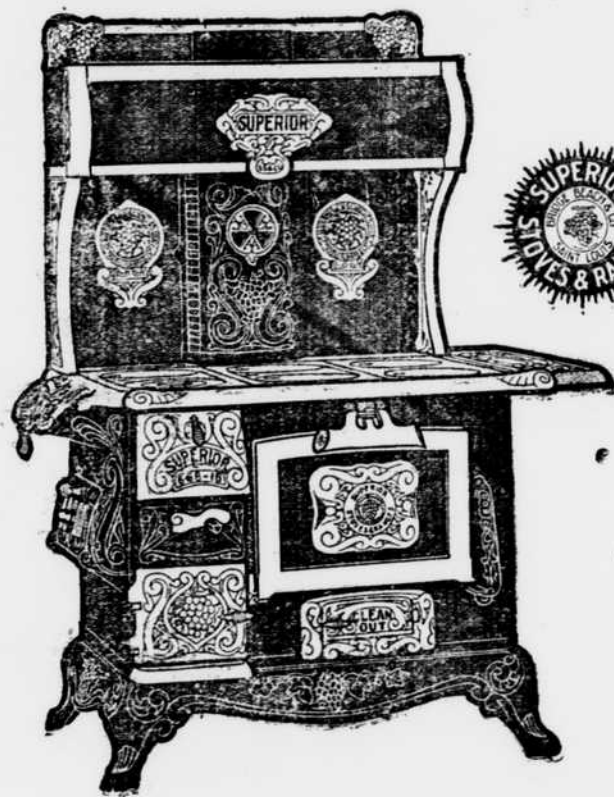

**Rev. Corser Will Spend Two
Months in Eastern
States**

Rev. H. P. Corser was a passenger south on the City of Seattle Friday bound for Seattle where he will take a through train to Chicago. After a short visit with friends in Chicago, Mr. Corser will go eastward making short stops at Cincinnati, Pittsburg, Philadelphia, Scranton and New York.

Mr. Corser took a large collection of photographs and stereopticon slides, the accumulation of eleven years of Alaskan experience, and will make a lecture tour in Pennsylvania and surrounding states.

The mission work and Church services of the St. Phillips will be regularly carried out by Miss Pick.

Wanted:—A second hand 3 H. P. marine gas engine. Must be in first class condition in every way. Apply at The Portland Laundry, Wrangell, Alaska.

A new news sheet called the "Alaskan Sourdough" will be started on the first of the coming month. The sheet will be four-column eight page paper and will be published a Douglas.

Arthur B. Callahan, who has heretofore, handled the Douglas Island department of the Dispatch will edit the paper.

Rainy Season On

With the coming of Mrs. Burke, on the Humboldt last Thursday, the rainy season, which has a habit of visiting southeastern Alaska, made its appearance. It commenced with a short snappy shower of rice as the above-mentioned lady crossed the gang plank and for a week since it has kept up its drizzly drizzle, off and on but more than less steady.

Our experience in weather in this part of the United States is limited but we are informed by a local forecaster that "It's going to rain tomorrow".

Quiet Wedding

Monday evening, August 20th, Miss Mary Baggen and John Sevortsen; both of Petersburg; were united in marriage by Rev. Corser at the home of J. C. Ensley.

The Wrangell friends of Mr. and Mrs. Sevortsen join with the Sentinel in wishing them a happy married life.

The Last Gladiators.

It was in A. D. 430 that the edict was passed which forever abolished the gladiatorial combats. In the deserts of Lybia there lived a monk named Telemachus, who, touched by the cruel stories of the combats, went to Rome, leaped over the barrier of the arena of the Coliseum, threw himself between the groups of fighters and implored them in the name of Christ to desist. Telemachus fell, slain by the swords of the gladiators, but there never was another fight in the Coliseum. The spirit of the monk had its effect, and the above mentioned edict was soon passed.

Cruikshank's Fagin.

During the time Cruikshank was illustrating "Oliver Twist" he spent days traversing the east end of London in search of a face that would correspond with his conception of the character of Fagin. One day while standing before a mirror in his dining room "pulling faces at himself," so to speak, for the want of something better to do, he accidentally made the features for which he was looking. The picture, therefore, of Fagin is really that of Cruikshank himself.

Telegraph Successful Freight Problem

Brings Hunters Out On Return

Several weeks ago we announced that a contract had been made for the building of a scow for the Telegraph to push freight up the Stikine River in. The scow was built and last Friday trial trip up the river began.

Tuesday evening the boat returned having successfully navigated the wild river to Telegraph Creek, B. C. During the voyage up it was found necessary to line three times at the riffles. While lining at one riffle, a line parted causing some excitement but fortunately doing no harm.

The Telegraph crew report meeting the Black Fox about five miles below the Canon. The Fox left Wrangell Saturday afternoon bound for headwaters and bearing two English big-game hunters to their hunting grounds, the headwaters of the Stikine.

Messrs J. A. Teit, E. Hodgson and D. S. Spencer, who have been up river several weeks hunting big game, came out on the Telegraph.

New Map of Florida

Remarkable Offer by the National Tribune

The National Tribune of Washington, D. C., the great weekly published in the National Capital and the organ of the old soldiers and the G. A. R., has just had prepared a new map of Florida, the State which is now the center of interest among all who are tired of the sudden changes from torrid heat in Summer to Arctic cold in winter, and who want a home where the climate is healthful and opportunities are offered to earn a livelihood or acquire wealth under the most favorable conditions.

The population of Florida increased nearly 50 per cent in the last decade, and will double in the next.

This map The National Tribune has had compiled from the latest surveys of the Government engineers and from recent data of the Postoffice Department and lithographed in three colors on a fine quality of plate paper, 28 by 30 inches.

This map will be sent free to any one who will write to The National Tribune and enclose 7 cents in stamps for postage.

Whether you own property in any part of Florida, or are merely interested in the rapid development that is going on in the Peninsula State, this map will be of both interest and value to you, and all you have to do to get it; is to send 7 cents in stamps, merely to defray the cost of mailing, and the map will be sent to you at once, securely rolled in a stiff tube.

Tell us your gas engine tale of woe. Bring us your engine, we'll make it go.

What's the Matter With Thomas?
There are some names which seem peculiarly suited to royalty; Louis, for instance, has a kingly sound. Francis, George, Henry in both spellings, Charles, William, Edward and James all have served their turn. John has been there, and Stephens. I remember a Robert in Sicily and a Peter in Russia and Serbia. Frederick has often worn the crown, and royal honors are even now paid to Ferdinand in Bulgaria. But was there ever, anywhere, a king named Thomas? Oscars and even Hakens ascend the dais, but ever through all the centuries Thomas remains the subject, sometimes struggling up to a bishopric or an earldom, but never attaining the crown. Nicholas wear the imperial purple; Godfrey lord it over Jerusalem; Alexis struts in ermine; Alexanders fare forth to conquest; Julius and Leo don the triple crown, but Thomas, poor plebeian Thomas, has never a crown to his name. Now tell me, you who are wise in the occult influence of names, what is the matter with Tom?—London Idler.

When a Peanut Sprouts.
"Few persons are perhaps aware that a thing of beauty is a common peanut plant growing singly in a six or eight inch pot and grown indoors during the colder weather," said a florist. "Kept in a warm room or by the kitchen stove, a peanut kernel planted in a pot of loose mellow loam and only moderately moistened will soon germinate and grow up into a beautiful plant, extending its branches over the pot. The leaves close together like the leaves of a book on the approach of night or when a shower begins to fall upon them. The plant bears tiny yellow flowers. There is nothing else just like it."
